Welcome to Farragut Middle School's back to school night 2013!

Chris Lembo
About Math 7/8

Topics Include:

- Algebraic Reasoning
- Operations with Integers
- Operations with Rational Numbers
- Proportional Relationships
- Percents
- Graphing
- Equations
- Inequalities
- Measurement of Quadrilaterals
- Measurement of Prisms
- Probability
- Collecting and Analyzing Data

Course Materials

- Students are required to have a three-ring binder with a math section.
- A classroom "Do Now" notebook.
- A folder to put tests/quizzes and homework in.
A Daily Class

- Students walk in and begin the "Do Now" assignment on the board.
- We go over the "do now" and homework together.
- Daily Instruction on the new topic or a re-teaching of a recent topic.
- Students collaboratively or individually explore the topic through example problems and/or manipulatives.
- Student and teacher discussion about the example problems. Questions are answered.
- Recap of what we learned, sometimes followed by an exit ticket.

Course Expectations

- **Grading**
  - Tests and Projects- 40%
  - Quizzes -25%
  - Homework-25%
  - Class Participation-10%

- **Homework**
  - Assigned about 2-3 times per week.
  - Weekly practice skills set due on friday of each week.
  - Assignments will be checked in class, *sometimes* collected and graded.
Course Expectations

Quizzes
• Happen more frequently, usually only covering a topic of two.
• Students will receive at least two days notice prior to.

Tests
• Cumulative, at the end of the chapter or unit
• Students ALWAYS receive at least four days advanced notice as well as a review.
• State mathematics assessments start April 30th.

Extra Help
• I am available from 2:45 - 3:15 after school on most days for extra help.
• Email- LemboC@hohschools.org
• Email me if you would like to get on my weekly email list for our class. (To be kept informed of upcoming tests, quizzes, projects)
