News Release
Hastings-on-Hudson UFSD

March 4, 2020 (Hastings-on-Hudson, NY) - This afternoon, the Hastings-on-Hudson UFSD was notified that a District parent was present in a location that is closed due to a confirmed case of the coronavirus. It is our understanding that people who have been present in that location have been asked to self-quarantine.

Out of an abundance of caution, the Hastings-on-Hudson UFSD is closing all schools for two days, this Thursday, March 5, and Friday, March 6, to thoroughly sanitize the buildings and equipment. The District has also cancelled all events scheduled to take place in its schools from 6pm tonight, March 4, through Sunday, March 8, 2020.

At this time, the District does not have any confirmed cases among any of its students, parents, or staff, and has made this decision out of an abundance of caution.

The District is in close communication with Hastings municipal officials, who are coordinating closely with the County and State. Additionally, the District Safety Team will be in regular communication about any new information. The community will be updated on a regular basis.
