May 6, 2020

Dear Hastings Families,

Since social distancing guidelines went into effect, our tennis courts have been closed. This week, the Westchester County Executive’s Office provided guidance regarding the use of indoor and outdoor tennis courts. We are pleased to inform you that our tennis courts have re-opened. Outdoor courts are also open in the Village of Hastings.

We need your cooperation in ensuring that the rules that must be followed to keep the courts open are honored. Signs have been posted to remind the community to practice social distancing. In addition, the following rules are in place:

- To prevent long lines, please limit your playing time to one hour.
- Singles only games are permitted.
- Please wear a mask or face covering while waiting to use the courts.

Our basketball court must remain closed until further notice.

For everyone’s safety, please continue to follow social distancing guidelines.

On behalf of the Board of Education, thank you for your cooperation.

Sincerely,

Valerie Henning-Piedmonte
