A confirmation message will display stating that the Parent Portal registration has been successful. Once the account request has been approved by the school district, an email will be sent from the school district to the email address listed on the registration form.

Logging In

Once the district has approved the account request, the parent/guardian will receive an email with a link to verify the email address and activate the account. Once the email's link is clicked and the email address verified, click Login to login to the account using the Username and Password created at the time of registration.

If the district has chosen to auto-generate parent portal accounts, the User ID and temporary Password provided by the district should be used to login for the first time.

Upon first login, the District’s Terms of Use should be read. Click I Agree at the bottom of the Agreement to proceed further.

Note:
To retrieve a forgotten Password, click the link where it says “Forgot your password? Click here to retrieve it.”

Note:
Parents/Guardians will be prompted to Agree to the District’s Terms of Use each time the Terms are amended.
If the account has been auto-generated by the district, users will be required to establish a new Password and enter a Primary Email Address after agreeing to the Terms of Use. Users will also have the option to Use this E-Mail address as my User Name. Click Save when finished.
