

PRE-PAYING FOR MEALS

The Farragut Complex Cafeteria uses a point-of-sale system, which allows students and faculty to prepay for meals. Point-of-Sale is merely a new accounting system for the cafeteria. If you do not wish for your child to use the meal prepay system, s/he can simply continue paying with cash on a daily basis.

If you do wish to prepay for meals, you can sign up at www.mypaymentsplus.com. During the sign-up process, you will be asked for your child's Student ID Number. This is a four or five digit number that can be found in the upper right-hand corner of your child's report card.

After you sign up for My Payments Plus (formerly Meal Pay Plus), please ask your child to memorize their PIN and emphasize the importance of keeping this number confidential. If your child forgets their PIN, they will still be able to access the account through her/his name. The same PIN and student ID will stay with your child throughout his/her years at Hastings. The money you deposit in the account will carry over from one school year to the next. When your child graduates from high school, the funds can either be transferred to a younger sibling's account, or be refunded to you.

Please be aware that My Payments Plus charges a small fee for this service.
