

# 1 Go to the Hastings website (hohschools.org) and click on the student portal link

# 2 Enter Student I.D. (your four-digit pin, found on schedule) and password (default is hastings1)

### 3 You're in! 😊

Now that you're logged on to the student portal, you can access grades posted by your teachers.

If you change your password, make sure to remember it!

### 4 Things to Consider

- Your password will not change every six weeks (like your computer and Google passwords).
- Please ask your teacher if you need your password reset. Resetting your password may take some time, so try to remember it!
